

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D.C. 20505

DDI 2974-82
12 April 1982

MEMORANDUM FOR: Deputy Director for Intelligence

FROM:

[REDACTED]
Special Assistant for Nuclear Proliferation
Intelligence

25X1

SUBJECT: Conference Proposal and Request for Approval

1. Proposal. I propose to convene a three-day conference at [REDACTED] 11-13 August 1982 on the topic of nuclear security and proliferation-related issues with emphasis a) on the policies of nuclear supplier/weapons states and b) developments in the Near East and South Asia (particulars are contained in the attachment). Policy officials at the level of assistant secretary and below and intelligence analysts and collectors would be invited to attend the conference. The idea is to provide the opportunity for policy people to concentrate attention on what is being done on the intelligence side, how well, and changes that might be made. We will be trying to build a common understanding of the main issues in planning policy, conducting assessments and directing collection activities.

25X1

2. Request for Approval. This is to request: a) your approval to hold the conference, b) your attendance at as many sessions as your schedule will permit, and c) that you open the conference as the keynote speaker.

Proposed Conference
Nuclear Security and Proliferation-Related Issues: Nuclear Supplier
States and Near East and South Asian Regional Developments
[REDACTED] Va., 11-13 August 1982)

25X1

Purpose of Conference

To provide the opportunity for policy people--especially those who are newcomers in their jobs--to concentrate attention on what is being done on the intelligence side, how well, and changes that might be made. We will be trying to build a common understanding of the main issues in planning policy, conducting assessments, and directing collection activities. (A similar approach was taken a year ago at a conference at [REDACTED] devoted to nuclear proliferation intelligence through the 1980s.) Policy officials at the level of assistant secretary and below and intelligence analysts and collectors are invited to attend the conference.
